Report of Plant Operations- Raymound Turri reported that the Somat equipment is still not operational. Eastern is repairing the pump and hopefully will be able to install it in the next week. The new equipment is scheduled to arrive in December. We have had to have the tanks pumped out to relieve the pressure on the Somat pump. A new employee was hired; he worked here for two years in the past so he knows a lot about the running of the plant. He still needs to get his Level 1 DEEP certification. The mowing equipment is back in operation and the fields are getting mowed. The overtime is still around 3 to 4 hours weekly due to the Somat equipment being down. The daily flow for the month of September was 95,000 gallons per day and the rainfall was 2.7 inches.

Monthly Financial Report- Susan Strano reported that the delinquents are still very high at around \$68,000 and that we are not sure why that number is so high. Susan said she would contact the tax collector to discuss what actions she is taking. There are a total of 78 taxpayers who are delinquent on their June tax bill. All other financial reports were in line as expected.
