 An Equal Opportunity Employer

The Department of Environmental Protection hereby certifies that it has reviewed the subagreement and has determined that it is in compliance with the regulatory procedures contained in Section 22a-482-3 of the Regulations of Connecticut State Agencies. Approval is given for the amounts shown above as these are the amounts that pertain to the services to be provided under this project.

The approval by DEP of an engineering agreement or amendment does not relieve the consulting engineer from the certified understanding that the subagreement price may be subject to downward renegotiation and/or recoupment where the cost and price data submitted have been determined, as a result of audit, not to have been complete, current and accurate as of the certified date. The Approval of Engineering Agreement and the associated fees should not be interpreted as approval for additional grants funds. This approval will verify that any effort expended by your consultant for the approved services on or after the date of this letter will be considered as eligible for reimbursement under the terms and conditions of the Clean Water Fund once your funding application has been approved.

You are reminded that the Clean Water Fund MBE/WBE requirements are applicable to this approval. The goal for participation by subconsultants is 3.0% of the total approved contract amount for Minority Owned Business Enterprises (MBEs), and 5.0% of the total approved contract amount for Women Owned Business Enterprises (WBEs). The engineer is required to submit executed subagreements meeting or exceeding this goal within fifteen (15) days of executing the engineering contract or the date of this approval, whichever is later. No payments will be processed by DEP for engineering services until these goals have been met and the appropriate executed subagreements have been submitted. Please submit one copy of each subagreement to Kimberly Forbes, DEP Water Protection and Land Reuse Bureau, 79 Elm Street, Hartford CT 06106-5127.

This APPROVAL does not relieve you of the obligation to obtain any other authorizations as may be required by Federal, State or Local Laws or regulations.

If you have any questions regarding this matter, please contact Ann A. Straut-Esden at (860) 424-3137.

Sincerely,

Dennis J. Greci, P.E.
